As the end of the year 2018 draws closer, times continue to be a challenge for many served by Edmonton's Food Bank. Regardless of good and bad times with our economy, many people are simply vulnerable and require extra help. Edmonton's Food Bank appreciate volunteers, supporters and affiliates as the demand for service increases faster than their food donations.

Each month, more than 15,000 people continue to be assisted by hamper programs, which are supported by Edmonton's Food Bank. The organization also provides food to soup kitchens, shelters, snacks to school children and other programs assisting those less fortunate. Also, other programming provided by Edmonton's Food Bank includes direct client services such as hampers and referrals.

In order to make it easy to donate to Edmonton's Food Bank, the Sawmill Banquet & Catering Services will be accepting non-perishable food items. We are proud to have food donation bins on site throughout the festive season.

Please encourage all your staff and guests to make a food donation at the Sawmill Banquet & Catering Centre when they attend your Holiday event! For information on how to make monetary donations, please contact Edmonton's Food Bank directly at 780-425-2133 or check out www.edmontonsfoodbank.com.

Thank you for supporting Edmonton's Food Bank and their year-round services. Best wishes to you and yours.

With Best Regards and Appreciation,

Marjorie Bencz *CM*
Executive Director
Edmonton Food Bank

Paul A. Doucette
General Manager
